

**Policy SY23-24.1: Executive Director Review**  
**Approved August 24, 2023**

1. The Executive Committee will meet with Executive Director (ED) quarterly to review status of goal implementation. This can coincide with July, October, January and April Executive Committee Meetings.
2. The Executive Committee will gather evaluations on HOS performance from various stakeholders, including staff, faculty, parents, and the Board annually. This input can coincide with annual surveys in the spring. The Executive Committee will share results of these surveys with the ED either in the Committee meeting or with the whole Board in July. The Committee may also collect a written report from Academy Project each time team members visit.
3. The Board will hold a formal evaluation of the ED in January at which time a decision will be made to renew the contract or not.
